Thank you for supporting St Andrew's. Ensuring financial sustainability will allow the School's dedicated management and teachers to focus on their main objective, that of delivering the best possible education. Long-term financial sustainability is achievable through the formation of an Endowment Fund and this is the Foundation's major objective.

St Andrew's has identified a number of projects vital to the School's growth and academic well-being but which require capital funds that cannot be achieved by merely increasing school fees.

To allow us to expedite the processing and acknowledgement of donations, when making a deposit or EFT please ensure that you fax or email the transaction details to us (contact details above). Please note that current legislation in South Africa (Section 18a of the Income Tax Act) allows for tax deductions on gifts to educational institutions.
