Dear Parents/Guardians

**Stationery, textbook and equipment requirements for 2027**

Please find attached information and lists relating to stationery, prescribed textbooks and equipment for 2027.

**Textbooks**

We appeal to you to place your textbook order as soon as possible and preferably before 10 November 2026 as certain items are imported and could take 8 weeks to arrive. If orders are not placed timeously, we cannot guarantee that your daughter will receive her items before school starts in January 2027.

Please note:

- No matter which supplier you choose to order from, it is essential that ISBN numbers match the ones on this list. Please do not purchase older editions/alternatives.
- Recommended retail prices as indicated are subject to change, often without warning.
- A few textbooks will be supplied by departments. These will be charged to your school account and details are included on the 'additional charges' form for 2027.

Electronic textbooks:

- This facility is optional and in accordance with your daughter's learning preferences.
- Some subject teachers have not recommended the use of e-books, and some books are not available as e-books as yet.
- Our recommended e-book supplier is ITSI Education [www.itsieducation.com](http://www.itsieducation.com). As we do not yet have a custom school store, you will need to register a personal account online and download the reader app (miEbooks).

Film Study Resources

- The films prescribed for Grade 11 & 12 are not reliably available in DVD format. We suggest that these films are purchased through the Google Play Store, where they are available for purchase or rent. We strongly recommend that you choose to purchase the films here, as they will not expire and will be available to be watched on iPad offline.

We have also included a list of recommended suppliers with this letter. They will have access to the prescribed lists for each grade. Please do not hesitate to contact me should you have any queries or concerns.
